(explained further in presentation)

RESIDENTIAL PROGRAM INCENTIVES

WHO QUALIFIES?

- » Single Family/Multi-Family Residential customers of Ameren Illinois
 - Electric or Gas customers
 - Rentals homes need approval by owner
 - Current program Registered Program Ally must verify homeowner eligibility and install all equipment

How Do I Participate?

- » Explore/Register online at <https://amerenillinoisavings.com/for-my-home/explore-incentives> , or call 866.838.6918
 - Purchase Lighting/Smart Bulbs through retailer/online
 - Schedule Appliance pick-up online
 - Schedule HVAC work with Program Ally, recover incentives
 - Schedule Multi-Family assessment online to acquire products
 - Additional information on Income Qualified program - later in presentation

HOME EFFICIENCY INCOME-QUALIFIED

WHO QUALIFIES?

- Customers up to 300% poverty level
- Total household income less than amounts below, based on family size

MAXIMUM ANNUAL HOUSEHOLD INCOME (GROSS)	NUMBER OF HOUSEHOLD MEMBERS							
	1	2	3	4	5	6	7	8
	\$36,180	\$48,720	\$61,260	\$73,800	\$86,340	\$98,880	\$111,420	\$123,960

PROVIDE FREE/LOW COST HOME HVAC IMPROVEMENTS:

- Smart Thermostats, LED light bulbs, smart power strips, faucet aerators and showerheads
- Furnace (or Boiler)
- Central Air Conditioner (\$1,000 co-pay right now)
- Air Source Heat Pump (\$1,000 co-pay right now)
- Duct Sealing
- Air Sealing
- Attic, Wall, Knee Wall, Rim Joist and Crawl Space Insulation
- High Efficiency Bathroom Exhaust Fan

HOW DOES IT WORK?

Schedule Free Home Audit (by Program Consultant)...

- Attic, basement/crawlspace, wall insulation (visual inspection)
- Combustion safety test on gas equipment (hot water heater, etc)
- Blower door testing (measures air leakage within home)
- Heating/Cooling equipment (visual inspection, need make/model number for Energy Efficiency rating)
- Direct Install Measures (kit includes power strip, LED bulbs, showerhead, etc)

Work with selected Contractor through Installation...

- Work scope prepared, by Program consultant, for recommended upgrades; Contractor recommended
- Work scope sent to selected contractor, contractor follows up to set appointment
- After meeting/agreement with homeowner, contractor submits final work scope for funding approval
- Once approved, work scheduled/begun
- Homeowner out of pocket payment arranged with contractor, separate from Ameren Efficiency Program

HOME INCOME-QUALIFIED

PROJECTS INTENDED TO BE NO/LOW COST

Total HVAC & Building Envelope Ally Cost	\$10,147.00
Ameren Illinois Home Efficiency Program Incentive Total	\$9,147.00
Total Net Customer Cost and Financial Obligation	\$1,000.00
Total HVAC & Building Envelope Ally Cost	\$8,032.10
Ameren Illinois Home Efficiency Program Incentive Total	\$8,032.10
Total Net Customer Cost and Financial Obligation	\$0.00
Total HVAC & Building Envelope Ally Cost	\$12,197.00
Ameren Illinois Home Efficiency Program Incentive Total	\$11,197.00
Total Net Customer Cost and Financial Obligation	\$1,000.00

HOW DO I PARTICIPATE?

- Explore/Register online at <https://amerenillinoissavings.com/for-my-home/explore-incentives> , or call 866.838.6918
- Home Efficiency Contractor guides homeowners through the entire process
- Incentives can cover a significant portion of the project costs
- Energy audit identifies potential upgrades and other ways to save
- Most homes will need insulation and air sealing and may be eligible for new heating and/or cooling equipment
- Program staff will explain the requirements based on a home's condition and work with you to make the improvements
